Note: The above scoring is based on the following results, treating the All-American list as a "Mythical Junior College Championships" since there is no such meet. However, the scoring must be kept in perspective of the differences between two of the major championship meets. The NJCAA Championships do not include the shorter distances (50 back-breast-fly, 100 IM, 200 medley and free relays), and the California JC Championships do not include the longer distances (1650, 200 back-breast-fly, 400 IM and 800 free relay).
